

Waiora Waikato hospital campus

Allow plenty of time to get to your destination.

Street parking is very limited – we recommend using the carpark buildings (fees apply).

For more information:

www.waikatodhb.health.nz/campus

If you are coming to **Meade Clinical Centre** or any other destination on the eastern side of the campus, use the Haghe Road Carpark Building (800 parks).

A free shuttle service for all visitors and patients travels around the campus on a circuit every 20 minutes, weekdays only. The shuttle can take wheelchairs and pushchairs. Shuttle bus stops are marked on the map, and you can request other destinations on the campus.
